

Tech Meet – Thursday 25th November – 6pm

RapidMiner – machine learning for the rest of us

Andrew Clegg

RapidMiner is a free, easy-to-use and feature-packed desktop app for machine learning, data & text mining, statistical analysis and visualization. See: <http://rapid-i.com/>

The tutorial will take you through building a learning pipeline, training and tuning models in it, applying them to new data and visualizing the results. Bring a laptop if you want to follow along – install RapidMiner 5 Community Edition first please.

Drinks from 7:30pm

Venue T.B.D. on the day, depending on numbers
